## **Product Shelf-Life**

Hadley Farms, Inc. Bakery facility in Smithsburg, MD is a manufacturer of wholesome baked good products. All of our products including: Croissant items, Sweet Roll items and Bread items have a shelf-life of 365 days in frozen condition and an ambient shelf-life of 7 days. This means the eating quality of the product remains fresh and the flavor intensity remains stable during this time frame. Our Quality Assurance Team carries out annual shelf-life verifications for each product group as a means to ensure our product's shelf-life is unchanged.

If you should have questions or require additional details, please contact me.

Sincerely,  
*Food Safety / Quality Manager*

*Bob King*
